Elizabeth Long, frizzyliz, [ello7419@colorado.edu](mailto:ello7419@colorado.edu)  
Kaythy Liao, arayla, kali2823@colorado.edu

4. Fresh Fitz

5. Our website is an all-in-one platform for all things fashion. It will feature the following pages:  
Register, Login, Profile, Home, Outfits, Logout.

Register: Users can create an account with a unique username and password.

Login: Users can login to their profile.

Profile: Users can view their username, set and view their profile picture, and see the clothes they've wishlisted and outfits they've saved.

Home: Users can search for clothing and accessories and wishlist clothes that they like.

Outfits (Outfit Creator: Users are provided recommendations of pieces of clothing based on the clothes they've wishlisted. They can assemble an outfit and save it to their account.

Logout: Users can log out.

6. Fresh Fitz provides a dynamic platform for anyone from casual clothes shoppers to fashion enthusiasts who seek inspiration. Fresh Fitz is an outfit design site where users can search for clothes, wishlist items, and create outfits. Unlike the over-commercialized landscape of online fashion today, Fresh Fitz is a site where users get a personalized clothing selection to find their style and contribute unique fashion statements.

7. <https://github.com/RyanKerwick/CSCI-3308-Final-Project>

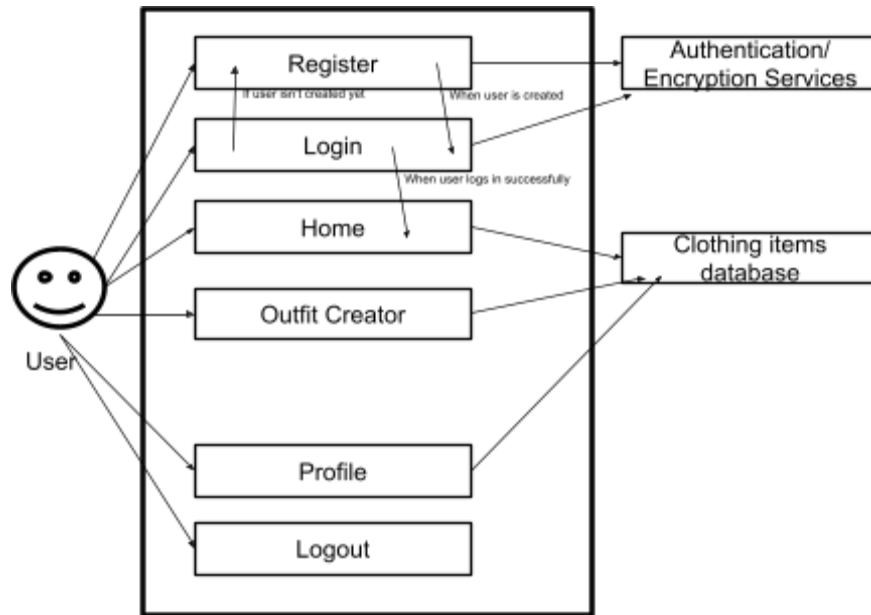

8. Agile Methodology - we used a hybrid of Kanban boards and Scrum meetings by tracking our progress on the Github project board and holding scrum sessions over Discord.

9. We'll use a Discord server to communicate.

10. Weekly meeting with TA: Wednesdays at 4PM, over Zoom

Team Meeting: Wednesdays before TA Meeting, over Discord

11. Use Case Diagram
